MEDIA RELEASE

NTG Launches Our Economic Future

The Property Council of Australia's NT Division today welcomed the launch of the Territory's Economic Future and the 10 Year Infrastructure Plan.

Property Council of Australia's Northern Territory Executive Director Ruth Palmer said that this plan has re-affirmed the need to push for the development of the north.

"The Northern Territory Government's Economic Development Framework is a start to unlocking private sector investment and should bring certainty to those who want to invest here.

"It is important that we see a plan that goes beyond a four year election cycle.

"The economic framework provided industry and key stakeholders an opportunity to submit input throughout the process and we welcomed the opportunity to do so.

"We were involved throughout all stages of the economic summits and it is pleasing to see this plan take shape and come into fruition.

"This plan has also reconfirmed the investment that needs to be delivered into the CBD as well as a strategy for growing the Territory's population.

"We look forward to working with the Northern Territory Government to ensure this plan delivers the certainty and investment the Territory deserves."
